Kgotso Maduna

Software Engineer | Full-Stack Development
South Africa · kgmaduna01@gmail.com · linkedin.com/in/kgotso-maduna-24a4641aa · github.com/KgotsoSD

PROFILE

Software engineer with experience building and maintaining web applications, developing APIs, integrating enterprise systems and delivering features that solve practical business problems. Work spans frontend development, backend engineering, databases and enterprise application development. Looking for a permanent intermediate-level role.

SKILLS

Frontend: React, TypeScript, JavaScript, Tailwind CSS, SAP UI5, Vue.js
Backend: C#, .NET, Node.js, REST APIs, Entity Framework, Java, PHP, Laravel
Enterprise and cloud: SAP BTP, SAP CAP, cloud integrations, Microsoft Azure, Cloudflare
Databases and tools: SQL, MySQL, PostgreSQL, Git, Azure DevOps, Docker
Practices: code review, unit testing, OWASP secure coding

EXPERIENCE

Junior Software Engineer · Integrove (2023 – Present)

- Build and maintain web applications across React front ends and C#/.NET back ends, using Entity Framework for data access.
- Develop and consume APIs and integrate with enterprise systems, including SAP BTP.
- Review code, have my own code reviewed, and work with senior engineers and the wider team.
- Contributing to an enterprise task-inbox digest system: ingest logic for the backend (validation and raw archive retention), plus Digest Configuration and System Monitor screens in React.

Intern · Integrove (2022 – 2023)

- Internship that led into the junior software engineer role.

Software Tester, Support & Developer Intern · Teklink (Mar 2021 – Apr 2022)

- Tested and supported software applications alongside development work.
- Built application features with PHP (Laravel, CodeIgniter) and Vue.js.

Intern · Hosi Technologies (2016 – 2018)

- Internship working in Java.

SELECTED PROJECTS

- **Elovyn online store** (elovyn.store): built the store in React; originally on Shopify with a custom theme, now using Cloudflare for its database and deployment.
- **Inventory Manager**: CRUD application with form validation, built with ASP.NET Core MVC in C#. Source: github.com/KgotsoSD.

EDUCATION AND CERTIFICATIONS

- National Diploma in Information Technology, Tshwane University of Technology (2017)
- Microsoft Certified: Azure Developer Associate (AZ-204)
- Microsoft Certified: Azure Fundamentals (AZ-900)
